The following is a translation of a photostatic copy of a court Pote: allegedly from the Kammas der Technik, Berlin.

Quiding Principles and Conditions for the Participation of the Dr. 400 jor of the Chember of Sechnology (Manner der Technik) Central Chamber, Be Min, in the Erposition for Chamical Apperatus Achema K at Frenkfurt (Ms.) for 18 to 25 May 1952.

The Chamber of Technology, Central Chamber, Berkin, will be represented at the Exposition for Chemical Apparamus Achema X in Frankfurt Mar : b a closed delegation to make the bout 100 ambers of chemical last rate. its oquipment industries and to titutions of higher learning (Abt : schulen) under the direction of its president, Frof. Dr. H. H. Fre ik. The selection of the delegation and the organization and financing of the undertaking will be corried out under the direction of Division Chief, Dr. Ing. Guenther Penning Central Office for Research and hele rology, Main Administration for Scientific-Technological Planning Special Field of Chemistry Stones and Earths, Berlin O 17, Maspens Restraise 80-82. Please direct will requests for information concern no the delegation to Mr. Pausing. (Telephone No. 67 63 11, App. 192)

The size of the delagation and the aprecial may in which it is to b seat to the exposition makes more sery flawless organization of to p to the exposition. The wide scope of information offered at the e-posttion and in the lecture ceries to be given there make it mecressary that each individual member of the delegation have his duties clearly a blittled for him, in order to easure the desired success of the visit to the exposition through such a large number of representatives from the DDR.

For this reason the following principles and conditions have been lettermined for the execution of the trip and the participation of the dilegation.

I. Preparations for the trip

1) Completion of the application form. It is requested has the application form be filled out completely and turned with the

latest by 2 May. In the event that it is impossible in ind vidual cases to mest this deadline, the enswers to the questi as on the form may be telegraphed to the Secretariat of the description in the same sequence in which they appear on the for. The completed application form must be submitted by May so hat it can be passed on to the Ministry of the Interior for use in applying for a temporary residence permit (Aufenthaltsgenen ingungen) in Frankfurt. Applications received later than 5 M y cannot be considered.

2) Procurement of Interzonal Passes

equipment
Representatives of chemical industry, industries and in tit tes
of higher learning who have been invited to participate by the
Secretariat of the delegation will personally apply for interzotal
passes at the police station in their area, by presenting the invitation from the secretary of the delegation (Reisedelegation).

In each case, the police authorities issuing the interzonal pass will be informed about the issuance of same by the Ministry of the Interior through official channels. In the event that the requested pass is not in the hands of the applicant by 10 May 1952, it is requested that the Secretariat of the delegation be informed by telegram so that action can be initiated by the Secretariat.

In applying for the pass, the terminal dates 17 - 26 May 1952 are to be entered on the form. In exceptional cases, (visit to the needing of the DNA), the terminal dates can fall either earlier or later. Wartha is to be given as the border crossing point for the jurray to and from Frankfurt.

3) Procurement of Temporary Residence Permits

Temporary Residence Permits for all members of the delegation will be procured by the Chamber of Technology, Central Chamber, Berlin. In order to initiate this action promptly, it is necessary that the Declaration of Participation Form, which is attached to the invitation, be carefully filled out and sent immediately to the secretar. The temporary residence permit will be handed personally to the participant immediately before the beginning of the trip.

- 4) Announcement of participation in the Achema X-Tagung will be made for the group as a whole by the Chamber of Technology.
- 5) Quarters for the delegates will also be obtained for the group as a whole by the Chamber of Technology on the basis of the Declaration of Participation sent to the Secretariat of the delegation.

6) Procurement of DM West

The Secretariat will assume the responsibility for procuring the necessary DM West. It will pay each individual member of the delegation his travel expenses (per diem and participant's fee at the exposition) immediately before crossing the border. The Secretariat will make adjustments in any exceptional cases.

7) Achema- Jahrbuch (Achema Catalog)

The Achema- Jahrbuch will be obtained by the Secretariat for the group as a whole. It will be distributed during the week of j - 10 May at the discussion periods which will be held concerning the assignment of duties. (Es gelangt gelegenthich der in der Worke was 5.-10. Mai bezgl. der Aufgabenverteilung durchzuführenden Bes rechungen zur Verteilung.)

8) Members of the delegation are requested to place at the di posal of the Secretariat any BMW- automobiles, type 34 or 321, which are available to them. Upon acceptance of the offer for the use of an automobile, the Secretariat William to it that the automobile is placed at the disposal of its owner during the trip. Special arrangements can be many th the Secretariat concerning the use of the automobile to act from Frankfurt as far as time and route are concerned. It Frankfurt itself, the automobiles will be placed at the di posal of the Directorate of the delegation.

The individual delegate will be responsible for producing in interzonal pass for the driver of the car and for entering the car on the pass, as well as for obtaining his own storzonal pass, no matter whether promise of the use of the car has already been given by the Secretariat or not. The headings provided on the Declaration of Participation Form the the be used to list the personal information about the dri trans the pertinent data about the car.

II. Execution of the Trip

- 1) The entire group will travel together, and the trip will begin in Berlin. Departure: Saturday, 17 May 1952, at 1400 bon a from Regierungshotel Johannishof, Johannisstrasse. The posticipants will essemble at the Johannishof Hotel at 1100 how was It is requested that the Secretariat be notified if a part cipant desires to spend the night of 16-17 May in Ferl a.
- 2) On Saturday the automobiles will transport the delegat in the border (the delegation will stay in Erfurt or Fise ich evernight) and on the next morning to Frankfurt/Main.
- 3) Quarters will be assigned upon arrival in Frankfast. will be made to lodge individual closed groups of the eals we tion in hotel quarters and to place the rest of the pa lie pant; in private quarters near the headquarters hotel.
- 4) On the return trip the group will also travel together in he eveilable autobuses and automobiles. Use of train and ar private car via another route for the return trip can tally be permitted in special cases.

III. Activity of the members of the delegation at the exposition

- The delegation will probably be divided into three groups. The groups will be assigned individual technical fields for study. They will be provided with their own group lead arm and secretaries so that any questions which arise can is answered and so that necessary guidance and help can be given independently by the group directorate and the group secretarist; only in special cases should questions be addressed to the Directorate and/or Secretariat of the delegation.
- Each member of the delegation will be given a personal work assignment by the Secretarist of the delegation and/or has ar of the delegation group to which the member is assigned. The work assignments will usually require an exact and comprehensive assessment of the state of technology in the ladit da ? sections of the exhibition and/or a transcription and a post on individual lectures of the plenny asserbles of special lecture series.

| 3) The delegate will be required to hand in a thorough a accurately written report on the project assigned to if possible with catalog material appended and with a netation of any special information elicited from the exhibitors. | 3.613 | | | | | | | |
| The scope of the individual personal work assignments will be so regulated that the individual delegate will have enough time to orientate himself at the expositi and to visit lectures which are of special personal interest. | | | | | | | | |
| 4) The leaders of the individual delegation groups will available to the individual members of their group fo conference and guidance. They will conduct discussio daily at the headquarters of the group with all membe of the group concerning the progress of their activit |)) . 数) . 数 | | | | | | | |
| 5) Special Cases | | | | | | | | |
| Individual members of the delegation will have special official business (Dienstreiseaufträge) to conduct in West Germany along with visiting the Achema Exposition It is, therefore, necessary that these official dutie be fully and clearly described on the application for so that it will be possible for the Directorate and Secretariat of the delegation to make special arrange ments concerning travel and participation in the work of the delegation. | · · · · · · · · · · · · · · · · · · · | | | | | | | |
| The decision of the Directorate and Secretariai of the delegation concerning the performance of the special duties prior, during or after the exposition is final since it would otherwise seem to be impossible to give the delegation at the exposition the desired appearance of unity and to assure a frictionless completion of incities. | € € | | | | | | | |
| 维修印刷加热性低磁性 | | | | | | | | |
| It is the goal of the delegation to obtain the most exact, comprehensive and thorough information possible on the state of chemical technology and them it all engineering it lest Germany, as shown at the exhibition; to provide an opportunity for frue ful exchange of ideas and experience with West German and foreign colleagues and at the same time to make possible a comparing of our own achievements with those shown at the exposition; to stimulate the chemists, chemical engineers, and educators in the fulfillment of our thear reconstruction work of the Five-Year Plan of the German Democratic Republic. | | | | | | | | |
| Last but not least; in this fateful era of history so fraught with denit is the goal of the Chamber of Technology to emphasize through a unitappearance of the delegation as well as through personal conversations individual delegates at this West German exposition of international anificance the nonest and strong desire of all citizens of the German Democratic Republic that our divided fatherland be reunited and that a ing peace be achieved. | : ¢d ⊕ f &= | | | | | | | |
